

Greetings from the Humboldt Music Department,

In light of recent events, and after consulting with the administration, all concerts scheduled to occur in December will be released to parents via recording links. At this time the Humboldt Music Department is working with multiple publishing companies to gain streaming permission for concerts for the upcoming winter concert season. In the meantime, students continue to rehearse and prepare to share their music. All ensembles (K-12) in the school district will be distributing recorded performance via an online platform for your viewing pleasure this season. While the concept of an online concert isn't ideal, we are so very fortunate to be making music with the students during the school day. Online concerts during this season make it possible for us to continue to have in-person experiences. More information about when and how each concert will be viewed will be communicated at a later date. Thank you for your continued support of the music department and the Humboldt School District as we continue to navigate through these turbulent times.

A note from our activities director, Mr. Greg Thomas:

"I fully support the entire Humboldt Music Department and all of our directors in presenting our winter concerts in a way that is safe and follows guidelines/protocols we have received from the BOEE, Governor's Office and the Iowa Music Association. We feel this type of concert does that while giving our student musicians and their parents an opportunity to see and hear their growth. It is not ideal, but as we continue to find our way in 2020 and beyond, we will look for ways to keep moving the music department forward in a positive and safe manner. Thank you for your understanding, and support! We wish you all a happy and blessed holiday season.

- Greg Thomas, 7-12 Activities Director"

Have a wonderful and safe holiday season.

Warmest regards,

The Humboldt Music Department
