

September 11,
2020

Dear Parents and
Caregivers,

We are pleased to inform you that the school district is offering free breakfast and lunch meals to all children 18 and under, starting on Monday, September 14, 2020. The Iowa Department of Education recently informed Iowa public schools of a surplus of funds still available under the Summer Food Service Program. This opportunity will be available until December 31 **or** until the excess of funding runs out.

Students attending school will follow normal meal routines. There will be a pick-up station daily from 9:00-9:45 at the Humboldt High School west doors for children not attending school. Those offerings will include both breakfast and lunch. Meals are cooked and cooled, much like last summer.

The menu is posted on the school website and is subject to change.

If you have any questions, you may contact Melinda Busick, Food Service Director, at 515-332-3612
